

## ACCEPTANCE OF INSTRUCTION AND UNDERSTANDING FORM

I confirm that I have received instruction on the shop policy in sales of age-related products, and the need for me to request and check the age of the young person attempting to purchase such products. I am prepared to do all in my power to prevent sales to under-age persons of restricted products, including refusal if an I.D card is not presented on request. I understand that failure to follow the shops policy could lead to a criminal prosecution against me, and may also lead to disciplinary action by my employer (up to and including Summary dismissal).
