

HSA Inspection 5 Point Checklist

-  Ensure social distancing measures are in place and managed correctly. Where 1 - 2 metre distance cannot be achieved at the till point, a perspex screen should be installed
-  Ensure that you have updated employee records and policies
-  Hand washing/hand sanitising facilities are available for customers and staff members
-  Increased cleaning procedures, especially for touch point areas in-store
-  Staggered breaks should be implemented to avoid overcrowding in lunch rooms/canteens
